Submission ID: 158867

Timestamp: 5/7/2026 4:51 PM UTC

Name: Mustafa Dryosh

Challenge ID: 166

Challenge Title: Preventative Protection: Thwarting the Imminent Threat
[NG]

This report has not been published by a curator. Experience Cyber cannot vouch for its accuracy.

Scenario

We have received an anonymous tip that one of our systems are under imminent threat from an outside attack. Your job is to put into place proper defenses before the attack is successfully completed and our system is compromised.

Duration

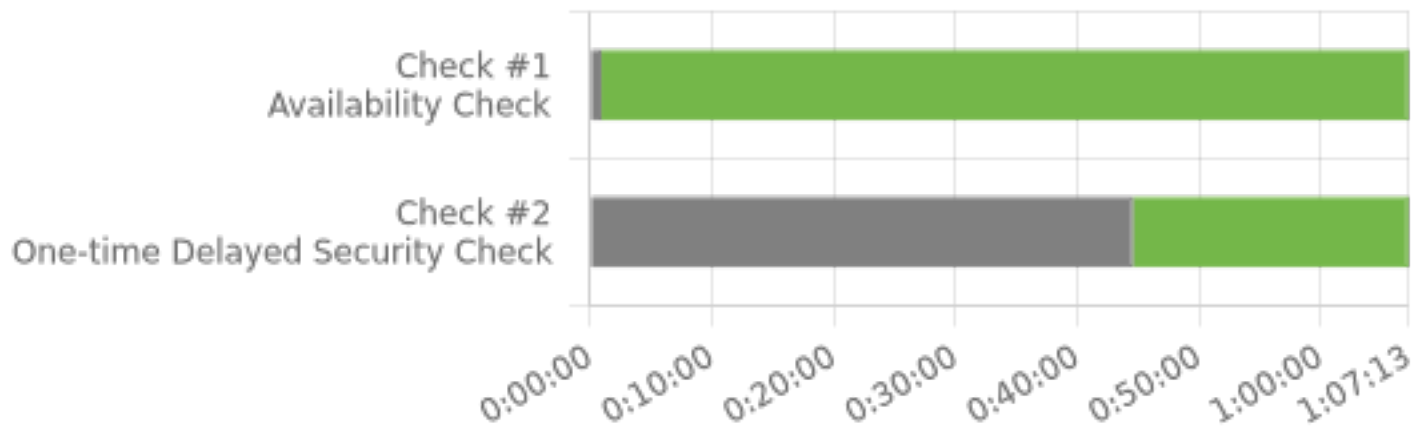

1:07

Full Check Pass

Full: 2/2

Final Check Details

- ✓ Check #1: Domain-Controller Host Check
- ✓ Check #2: Attack Thwarted

Element

Cybersecurity

Work Role

Cyber Defense Incident Responder

DCWF Tasks

- 762: Perform real-time cyber defense incident handling (e.g., forensic collections, intrusion correlation and tracking, threat analysis, and direct system remediation) tasks to support deployable Incident Response Teams (IRTs).

Knowledge, Skills, and Abilities

- 105: Knowledge of system and application security threats and vulnerabilities (e.g., buffer overflow, mobile code, cross-site scripting, Procedural Language/Structured Query Language [PL/SQL] and injections, race conditions, covert channel, replay, return-oriented attacks, malicious code).
- 895: Skill in recognizing and categorizing types of vulnerabilities and associated attacks.
- 984: Knowledge of cyber defense policies, procedures, and regulations.
- 991: Knowledge of different classes of attacks (e.g., passive, active, insider, close-in, distribution).
- 992: Knowledge of different operational threat environments (e.g., first generation [script kiddies], second generation [non- nation state sponsored], and third generation [nation state sponsored]).
- 992C: Knowledge of threat environments (e.g., threat actors, threat activities).
- 1033: Knowledge of basic system administration, network, and operating system hardening techniques.
- 1158: Knowledge of cybersecurity principles.
- 1159: Knowledge of cyber threats and vulnerabilities.
